CHANGE THE WAY YOU MOVE.

The all-new Twist Freedom DX is no ordinary bike. And it's not an electric bike. It's a new type of hybrid that seamlessly combines battery power with your own pedal power to help you ride farther, faster, and with less effort. And paves the way to a fitter you, and a brighter, greener future.

TWIST FREEDOM DX SERIES

TWIST FREEDOM DX SERIES:

Featuring Giant's exclusive Hybrid Cycling Technology with state-of-the-art energy management system, Twist Freedom DX is light, efficient and reliable. It looks like a slick city bike—and it is—but it's so much more than meets the eye. And so is the savvy person riding it.

TWIST FREEDOM DX

FEATURES:

- Lightweight men's-geometry aluminum frame
- 2 lithium-ion battery EnergyPaks for extended range
- Integrated pannier system

TWIST FREEDOM DX W

FEATURES:

- Lightweight women's-geometry aluminum frame
- 2 lithium-ion battery EnergyPaks for extended range
